

NORTHERN NEW JERSEY COUNCIL - BOY SCOUTS OF AMERICA

MAINTENANCE TALENT SURVEY

The buildings and equipment of our camps are program tools. Services to Scouts and Troops. Well-kept facilities and equipment assist in building good camp morale, develop respect for property, and enlist the cooperation of staff, campers and adult volunteers in its upkeep. Program is improved because equipment and facilities are available and usable.

Good maintenance and housekeeping develop good public relations. The contributing public, as well as leaders, parents, campers and neighbors are impressed by well-kept attractive facilities. Dollars saved through early maintenance will insure the investment of more money to meet expanding needs.

We have a fine group of scouters in our council that have indicated their willingness to help according to their abilities. We invite you to add your talents and interests to that the best possible maintenance program can be further developed. Whatever you can do to help is greatly appreciated.

PLEASE ANSWER THE FORM AS COMPLETELY AS POSSIBLE AND RETURN TO THE COUNCIL OFFICE.
THANK YOU.
