\_\_\_\_\_  
Parent or Guardian's signature

All school equipment issued to students becomes the responsibility of the student and must be returned or paid for. While the school issues lockers, has changing rooms, etc., it cannot guarantee security. The school cannot accept financial responsibility for lost or stolen equipment.

Students participating in activities that represent the school have an even greater responsibility for complying with all school rules and regulations. Any disciplinary action taken for failure to meet these responsibilities may result in the student's removal from participating in this activity.
