

JUST BAG IT!

2009-2010 **WWG** Challenge

Your challenge is to create a **"GREEN BAG"**!

You heard it! You are challenged to make a bag!!! Not just any bag, but a **"GREEN BAG"**!

It can be a shopping bag, an evening bag, maybe just an everyday bag, perhaps a gift bag or a kid's school bag. Whatever kind of bag you choose!

So take the Challenge to become environmentally aware while you are planning and weaving your bag. For your unique **"green bag"** choose natural fibers, fibers made from recycled products, yarn from your stash, recycled materials, or found objects.

The size, style, colors and method of construction are up to you and your sense of style & creativity!!

So come along for the Fun and let's see what **Woodstock Weavers** can do!!!
