

Event: Quail Hollow, November 11, 2007  
Format: Score  
Course by: Bob Boltz  
Registrar: Fred Mailey  
Timer(s): Howard Montgomery, Bob Boltz  
ED: Howard Montgomery  
Others: Mark Stypczynski, Ken Lappin, John Hoffman, Joe Gorman? and I'm sure I'm forgetting a couple of control collectors (thanks)

Conditions: Overcast skies giving way to light rain throughout, mid to lower 40s.

Course: Score course

Attendance: 89 participants, including the Shaffers from Mercer, PA, Alexis and family from Pittsburgh and several from Columbus. We also had several participants from Hartville. Lots of new faces!

New Members: William Bryant, Fairview; FitzSimmons, Brecksville; The King/Elliott Group, Cuyahoga Falls; Todd Pownell, Cleveland; Kathy Shaffer, Mercer;

Notes: Great new map! Bob Boltz out did himself with his first full-fledged start-to-finish mapping effort and deserved the standing ovation that he received for his work. The comments were uniformly positive.

The course also received highly positive reviews. Before start Bob decided to cancel the use of one control, #19, and at the end there was debate regarding the accurate setting of #32, which Bob later conceded was a bit to the south of where it should have been.

All-in-all in was an excellent day of orienteering, except for the cold light rain.
