

# North Eastern Ohio Orienteering Club

## Event Results June 28, 2009

Location: Kendall Lake      Format: Score

Conditions: Showers began a half hour before the event started and no-one was prepared to brave them for the first start at 12:00. The rain then became harder. The mass starts at 12:15 and 12:30 left in a downpour. The rain stopped in time for the last two mass starts, but by then the rain was replaced by humidity. The rain made the conditions underfoot slick and muddy, the streams started to fill with runoff, and the Todd Pownell designed course became even more challenging than he could have anticipated.

Courses: Two courses were offered. A White Course (cross-country) gave 11 participants in 8 teams the chance to be introduced to orienteering, while a Score Course offered 52 participants in 36 teams the challenge of trying to locate 32 controls for a maximum total of 730 points in only 90 minutes.

### Thanks and recognition:

Course Designer: Todd Pownell

Registrar: Jeff Dillinger

Starter: Mark Stypczynski

Timer: Caitlin Harpst

Director: Richard Davies

Others: Those numerous volunteers who helped collect controls and clean up after the much enjoyed "ice cream social" at the end of the event, the Cuyahoga Valley National Park staff, and all those who chose to spend a Sunday afternoon in the woods.

Next Event: Sunday July 19. Canoe-O at Mogadore Reservoir, on Rt. 42 south of Kent and north of Hartville.
