Dear NJM Family,

I can't believe it is April, 2000, and time for another report for NJ Traffic Bulletin. Yes, it's Spring, and W2JG is back! Good to hear you on again, Joe.

Conditions have not been good on 80 for a few sessions; I've got some RTTY on 3695, so when I run the net, must go down the band slightly, about 3693 Khz.

I'm sorry about 2rn/145 PM, but can't operate SSB here, we have some older people in this building, and they use old equipment, TVs with rabbit ears, etc. So, if any of my Net Controls need me to go to 2rn, I will have to take the traffic to the night CW nets. Let me know if this option will help.

We miss GXU and MH in the Qni, hope you will visit us from time to time.

Again, thank you to all of you for being there to help, when you can. And also, thanks to my Net Controls and 2RN Reps.

I hope you all had a Happy Easter/Passover.

See you in future nets, and E mail.

161, 33's to the ladies

Jan O'Hara de WA2OPY

FUNCTION ROSTER:

Table with 4 columns: Day, NCS, 145, 330, 630. Rows include SUNDAY MORNING, SUNDAY EVENING, MONDAY, TUESDAY, WEDNESDAY, THURSDAY, FRIDAY, SATURDAY.

We still need a net control station for Wednesday evening. Let me know if you are interested.

Remember that the MINIMUM time for a net session has been reduced to four minutes.

My usual plea to make sure that all of the net sessions are covered and that the reports get to me promptly, particularly towards the end of the month. I really want to get the report in the mail to the SM/STMs on the first of the month.

PLEASE!!!

73,

Dave

January Report -

We had 31 sessions with a QNI of 301 and a QTC of 45/35. This took 252 minutes.

Bob-WB2KNS, Pat-K2PB, and Willie-AA2SV shared the record with 26 check-ins each. They were followed by Jim-KB2VRO who had 25. Then John-WA2FVL had 21 and Jack-W2KEI had 20. Next was Bob-N2VFN with 19; Jim-WA2HPD with 18. And Bob-W2OD completed the group with 15 check-ins.

February Report – not available

March Report -

We had 31 sessions with a QNI of 291 and a QTC of 63/50. This took 280 minutes.

Willie-AS2SV had the top record with 30 check-ins. He was followed by Bob-WB2KNS who had 29. Then Jim-KB2VRO had 27, Pat-K2PB had 25, Bob-N2VFN had 21, and John-WA2FVL had 20. Last on the list of 15 or more is Jim-WA2HPD with 18. I hope that I have these lists correct each month.

We sadly report that Walt-KB2TX has become a SK this month. He was very active in this net and we will miss him.

Thank you all for your support and contribution.

73 de Rich-N3RB

WHAT THE HECK IS GOIN' ON HERE.....
de ag2r (your frosty NJN Net Mgr...)

Of course, by the time you read this, it'll be May something-or-udder. Tulips will be almost gone and the trees will be "leaving." I mean making shadows on the ground.... My cat will be less apt to come in from the cold.... I will have blasted the mice out of the Harley's mufflers from their winter coop... KJ4N will be intown.... Joe "Boats" Gravel, W2JG will have only one layer of long johns on to keep his skinny legs warm. SEI will be in the new QTH in Fleischman, NY... WA2PCS, Matt-Man will have moved back to Jersey (we hope)... But, I gotta tell ya, right here and now, in Studio "C" which stands for "Cellar" on this day in April, with the March winds blowing my bird feeders all around and the Robins standing about the yard totally confused... I'M FREEEEZING MY NUGGIES OFF. It's supposed to be spring. JG is back from 4-land even.... What the heck is going on here..... You can't operate without nuggies.. I want my mommie.....

Okay.. The 80 meter band is "going south." Someplace. It ain't so good around here and things are getting stacy, statickie...sta... noisy.... WA2CUW sounds like he's coming in from Tazmania. DX is louder than N2XJ. It's time to tighten up the ship. I took a Buk of three from K2PB recently on NJM. Noisy condx, fer sure. Ole "Mr. B" did good. I was getting QRN that took out some stuff. Just a little, but a lot of times, if you get my drift. I used all the Q sigs to get my fills. Pat answered my requests. Hey, I taught him everything he knows..... Had we not been proficient in the proper procedures, things would have been totally ridiculous. Like using plain language (heaven forbid), many repeats of questions... Imagine having to reconcile the word count. Shoot me dead..... How many of you remember my instructions on that subject a few NJTB's ago??? Huh??? I gotta tell ya, gang, it's important to check that "Pink Card" and brush up on things. At least keep it handy. I sleep with mine. I'm very insecure, ya know..... Summer band conditions are coming on fast. I'm looking into a 40 meter backup frequency. Any suggestions would be appreciated. *Constructive suggestions..... You guys are bad....*

Thanks to WA2CUW for his contribution towards the refurbishing of the Award Plaques. Tom suggests we have certificates made up for past winners of the awards. "They have nothing to show for their accomplishments...." Boy, is he pushy..... AND he wants a list of birthdays of all the NJM/NJN/NJSN etc. members... No year to be shown... What a pain he is.... I hate dat... Why didn't I think of dat..... I'll work on it... Humph!!!! Before you know it, everybody will be telling me what to do. If you ever get the urge, dump it on AG2R@AMSAT.ORG..... BTW, my arl 46 is June 7. Send money... I ain't proud..... I need new tires on the Harley.....

We need more of you CW people who frequent VHF nets to grab traffic for relay. Also, who is on packet?? I dump a lot of traffic on WB2FTX-4 NTS BBS. I'm not complaining. We are doing pretty well these days. Checkins (my Spellcheck keeps changing "checkins" to "chickens"... It must know something)... Checkins are good and y'all, generally, are moving the traffic. Just a thought to help improve things. Also, I need more people to check into 630 2rn on 3930 Khz. If you are intown, listen in on the frequency. I really hate when we don't have a rep from or to any of the region nets. That New York Gang is doing a neat job carrying the load. We have a few participants but not enough, fer sure. Ole Wm. Thompson, W2MTA 6:30 2rn net mgr. (I forget what cycle that is) drove past my QTH the other night and threw a rock at my Tri Bander. Fortunately he missed. Never could hit the side of a Newark Valley Barn anyway.... Hey a.... I'll see ya.... 73 de AG2R

J S A R S

Not too much to report. Check ins are holding at about 18 stations each night.

Traffic is down to about 20 pieces a month. One complaint members of my net and I have is with the stations that send out many bad "welcome messages". The problem is that they do not update their data bases and we are calling silent keys and bad phone numbers. I appreciate them trying to keep the traffic system going but too many bad messages are coming down. Stations are starting to refuse to handle the traffic. I must thank W2NFG Herb, who checks his QCWA member sheet nightly, stopping us from calling most silent keys, but some get through. Is any other nets having this problem ?? Please let me know and any solutions you have come up with. Thanks in advance.

Gene Bond WB2UVB, STM SNJ, NM SJVN

Organizational Announcement

Jean Priestley KA2YKN, Section Manager -SNJ, has appointed K2UL as acting Section Traffic Manager (STM) for Southern New Jersey.

Many thanks and much appreciation from all of us traffic handlers goes to Eugene Bond Jr WB2UVB for 20+ years of dedication and efforts as STM in support of the National Traffic System here in SNJ.

THANKS GENE !!! JOB WELL DONE !!!

Editor's Corner

And Now, on the trivial side, my TOP 5 Pet Peeves:

My Pet peeve No.5 - Those "join a traffic net" messages sent to random callbook addresses from some nutcases in Oklahoma. Do we really need this? Is that the only way to make BPL?

My Pet peeve No. 4 - Persons who do not zero beat net control (QNZ). The NJN and NJM net frequency is NOT 3695, folks. It is whatever frequency the net control is on.

My Pet peeve No. 3 - W1PEX sending traffic to dead people. Not much we can do about it.

My Pet peeve No. 2 – Persons who don't bother to verify the check count in a message. A curse upon your house.

And My Pet peeve No.1 - Persons who list traffic as Podunk Center East Dogpatch AG2R, "*1 each*". Who the heck started this "1 each" thing anyway ??? Who can figure out 1 each of what?? Please, when I am net control, please do it the **correct** way: Podunk Center 1, East Dogpatch 1, AG2R 1, etc.

Ah well, got that out of my system..... Now, let's enjoy the first Spring of the "new millenium".

73,

Dan K2UL
