From the Editor

NJ QSO Party - Don't forget the New Jersey QSO Party, held on the weekend of August 18 and 19 this year.

NJ Traffic Handlers' Web, <http://k2ul.home.att.net/resource.htm> - Just a reminder that our web page is frequently updated with the latest information and tools to assist all of our members in the handling and delivery of amateur radiograms. Visit the web site often.

On Being Good Neighbors - Since NJN is on 3544 and QFN (the Florida counterpart) is on 3547 at the same time, there was an unspoken agreement that NJN should not send stations up 3 and QFN would not send stations down 3 to pass their traffic. Since the nets have been operating for a while, some NCS seem to forget..... First thing you know, a Florida station is on NJN freq. and vice versa. Net control stations should try to remember not to send stations up 3 where they will be right on top of another net. Thank you.

73, Dan K2UL / NJTB Editor / SNJ Section Traffic Manager

NEW JERSEY MORNING NET

It's another quarter behind us! Spring was sparkling, especially when the bands were open.

Don't forget to ask a friend to join in on NJM! As we get some new blood from General upgrades let's do what we can to encourage folks to help out!

Everyone have a wonderful Summer! Safe travels!

Remember that the MINIMUM time for a net session has been reduced to four minutes.

The NJ QSO Party will be on the weekend of August 18 and 19. Stations are encouraged to participate so that all 21 counties will be active.

My usual plea to make sure that all of the net sessions are covered and that the reports get to me promptly, particularly towards the end of the month. I really want to get the report in the mail to the SM/STMs on the first of the month. I would appreciate it if I am not in attendance in a particular net session that stations in that net would make note of who was NCS so that I can get the report.

PLEASE!!!

Dave

"HIS MASTERS VOICE"

I don't want anybody grabbing that key/keyer to think that I don't appreciate what you do for the New Jersey CW Net. Special people step in to take net controls and pick up liaisons tooooooo and from the Second Region. Having "Boats" and WA2YL up for the summer makes my job so much easier. WA2TWS and W2NTS are doing just splendid as our new Net Controls. N1JX is invaluable. Now if only we could get him up to 20 WPM..... I'm running out of page here. I just wanted to say "tks" and "Bravo Zulu" for CUW, JG and NTS. These Navy guys (and Coastie) know what that means. Cheers 'n' Semtreeees... I'm Out.....

While several stations check into the net, only a handful of stations accept traffic listed by N1JX. As mentioned on the nets if you participate on other nets, whether they be VHF, HF, or CW nets, be prepared to accept traffic and relay to other traffic nets.

Supporting a traffic net means you are checking into the net to deliver messages either directly to the recipient or relay to another net.

SCARS Traffic Net

Net Manager - Mike NW2Y

The net is “on a break” for the summer and will resume in the fall.

South Jersey VHF Net

Net Manager - Gene WB2UVB

The only thing I have, is a need for NCS.... I know I have been away at shows a lot and have no working mobile rig at this time.... Now my PS for two meters went down and I am working on it.....73's gene

PS. We need a lot more traffic so start making some up.

Other VHF Nets

Most other net managers are not sending any additional input for this bulletin, beyond the monthly stats which are reported to the STMs. These are archived on the NJ Traffic Handlers' web at http://k2ul.home.att.net/stm_monthly.htm, so I will no longer duplicate them here.
