

# Join the Legal Battle Against the FedEx Hub

Triad citizens have formed a legal defense entity called the “**Alliance for Legal Action**”. The Alliance for Legal Action has retained the leading environmental team from the Washington, D.C. law firm of Terris, Pravlik, & Millian, LLP.

***The law firm will file a lawsuit to stop the airport expansion.***

***We need you to be part of it!***

We will need at least \$200,000 to fund this battle. All monies collected will be held in an escrow account to be used solely for this legal initiative.

The hub will cause:

- Unbearable nighttime noise from cargo jets
- Theft of home values
- Damaging increases in truck traffic resulting in more roadway congestion
- Unhealthy increases in air pollution in an area already suffering from poor air quality
- Dangerous elimination of 300 acres of vital water collection surface area in a region already suffering from inadequate water supplies
- Water pollution from the cargo hub’s noxious chemical run-off
- Millions in corporate welfare exclusively for a profitable, multi-billion dollar company

The FAA has issued the final EIS and the Record of Decision. We have filed our appeal with the court to stop the bulldozers from rolling. **WE MUST ACT NOW!** We need your financial support for this legal action. Your environment and quality of life are at stake!

Please make your check payable to: **Alliance for Legal Action**
